

- % Done changed from 30 to 60

**#4 - 05/26/2014 10:34 AM - Giacomo Sanchietti**

- Status changed from *MODIFIED* to *ON\_QA*

- Assignee deleted (*Giacomo Sanchietti*)

- % Done changed from 60 to 70

Package in nethserver-testing:

- nethserver-ejabberd-1.0.3-2.0git92de73a4.ns6.noarch.rpm

**Test case 1**

- Check SRV record. Given the domain as example.org:

```
dig _xmpp-client._tcp.example.org SRV @localhost
```

```
dig _xmpp-server._tcp.example.org SRV @localhost
```

- The command must return the server ip address

**Test case 2**

- Clients should be able to configure jabber accounts without explicitly set server address/fqdn.

**#5 - 07/01/2014 10:30 AM - Stefano Fancello**

- Assignee set to *Stefano Fancello*

**#6 - 07/01/2014 11:56 AM - Stefano Fancello**

- Status changed from *ON\_QA* to *VERIFIED*

- % Done changed from 70 to 90

**#7 - 07/02/2014 03:30 AM - Stefano Fancello**

- Assignee deleted (*Stefano Fancello*)

**#8 - 07/08/2014 08:59 AM - Giacomo Sanchietti**

- Status changed from *VERIFIED* to *CLOSED*

- % Done changed from 90 to 100

Released in nethserver-updates:

- nethserver-ejabberd-1.0.4-1.ns6.noarch.rpm

Also updated all manuals.
