

NethServer 6 - Bug #2948

Owncloud7 ip/domain do not change in config.php

11/10/2014 10:28 AM - Anonymous

Status: CLOSED	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 100%
Category: nethserver-owncloud	
Target version: v6.5	
Security class:	Resolution: WONTFIX
Affected version:	NEEDINFO: No
Description	
If we change ip or name/domain in the dashboard these changes are not written to the file /var/www/html/owncloud/config/config.php workaround : edit the file by hand

packages affected nethserver-owncloud-1.0.2-14.0git46c9dbb6.ns6.noarch

#2 - 11/19/2014 03:45 AM - Alessandro Polidori

- Category set to nethserver-owncloud

#3 - 11/19/2014 03:48 AM - Alessandro Polidori

- Status changed from NEW to CLOSED

- % Done changed from 0 to 100

- Resolution set to WONTFIX

It arises too problems for a rare operation.

So I have added a [documentation note \[it\]](#) describing the modification to do when the admin changes the domain or ip address.

#4 - 11/24/2014 10:29 AM - Davide Principi

- Target version set to v6.5
